

REMARKS

The Examiner's Action of January 23, 2007 finally rejecting the claims is noted, and the Examiner Interview is gratefully acknowledged. While the claims have been finally rejected based on cited art, Applicant incorporates the subject matter of Application Serial No. 11/055,846 into each of the independent claims of this case which subject matter was originally indicated as being allowable.

The Examiner has suggested some clarifying language, and this has been inserted into the claims. Allowance of the claims is therefore solicited.

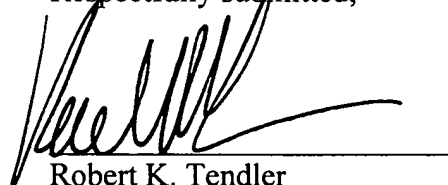

Additionally, a pair of Terminal Disclaimers accompanies this Amendment in accordance with the agreement with the Examiner.

Allowance of the presented claims was initially agreed upon with the insertion of the allowable subject matter of Serial No. 11/055,846.

Additionally and after the Examiner Interview, new non-patent references were obtained from the Smithsonian. These references are included in the enclosed Supplemental Information Disclosure Statement.

Allowance of the claims and issuance of the case are therefore earnestly solicited. Alternatively, entry of this Amendment for purposes of Appeal is requested.

Respectfully submitted,
